

An SOS Children's Village

Time required

About 50 minutes

About the lesson

This lesson lets the students think about what they think orphaned and abandoned children in Angola might need. It also teaches them about the situation in Angola. It focuses on team work and agreeing/disagreeing with others.

Resources

- World map
- Flashcards (supplied)
- Instructions (supplied)
- Photos of SOS Children's Village Lubango, Angola (supplied)

Learning objectives

- To learn some basic facts about Angola.
- To think about the problems children face when they do not have parents or family to look after them.

Links to National Curriculum subjects

Lesson plan - Kindergarten to Grade 2

Warm up

Ask students the following questions: Who woke you up today? Who made sure you got to school on time? Who will make sure there is dinner when you get home from school? Who will help you out if you have problems with your home work tonight? Who will make sure you go to bed on time? 10 mins

Answers: students will most likely answer mum/dad or siblings.

Ask students the same questions again, but tell them to imagine their mum or dad isn't there to do those things. In that case, who would do it?

Answers: students will probably answer grandparents, siblings, neighbours, etc

Build a Children's Village activity

Tell students that children around the world who don't have moms, dads, grandparents, siblings or neighbours who can do all those things for them can go to special places called SOS Children's Villages. Tell the students that they will now try to build an SOS Children's Village. Divide the students into groups of four, and hand out a set of **Flashcards** to each group. Read out the **Instructions** about the construction of an SOS Children's Village, and ask the students to choose what they would like to do next by picking one of the cards after each sequence. Encourage students to discuss their choice of flashcards in the group. Pause after each sequence and ask one group of students to explain their thoughts behind their chosen card. 20 mins

Introduction to SOS Children's Village Lubango

Ask students to look at the flashcards in front of them, and then close their eyes and imagine what it would look like in real life. While they have their eyes closed, display the **Photo of the SOS Children's Village in Lubango**. Tell students that the photo they can see is the real Children's Village in Lubango! Show them the rest of the photos and tell them that what they can see is the medical centre, school and some people benefiting from the work of SOS Children's Villages in Lubango. Encourage a discussion around what students think life in the Children's Village is like and try together to answer any questions students might have. 20 mins

Extension ideas

- Learn about other Children's Villages and their facilities in the different countries where SOS Children's Villages works.
